

**2018 CTC/ACTC/ODC DUE DILIGENCE REQUIREMENT**  
**CHILD TAX CREDIT / ADDITIONAL CHILD TAX CREDIT / OTHER DEPENDENT CREDIT**

NAME OF TAXPAYER & SPOUSE FILING RETURN \_\_\_\_\_

**How to Determine if Your Child is Eligible for the Child Tax Credit, Additional Child Tax Credit or Other Dependent Credit**

**1. Age Test**

To qualify for the "Child Tax Credit" or "Additional Child Tax Credit", a child must have been under age 17 (i.e., 16 years old or younger) at the end of the tax year for which you claim the credit. Beginning in 2018 a new "Other Dependent Credit" is also available for certain dependents who meet the definition of a "qualifying child" but is age 17 or older.

**2. Relationship Test**

The child must be your own child, a stepchild, or a foster child placed with you by a court or authorized agency. An adopted child is always treated as your own child. ("An adopted child" includes a child lawfully placed with you for legal adoption, even if that adoption is not final by the end of the tax year.)

You can also claim your brother or sister, stepbrother, stepsister. And you can claim descendants of any of these qualifying people — such as your nieces, nephews and grandchildren — if they meet all the other tests.

**3. Support Test**

To qualify, the child cannot have provided more than half of his or her own financial support during the tax year.

**4. Dependent Test**

You must claim the child as a dependent on your tax return.

Bear in mind that in order for you to claim a child as a dependent, he or she must: 1) be your child (or adoptive or foster child), sibling, niece, nephew or grandchild; 2) be under age 19, or under age 24 and a fulltime student for at least five months of the year; or be permanently disabled, regardless of age; 3) have lived with you for more than half the year; and 4) have provided no more than half his or her own support for the year.

**5. Citizenship Test**

The child must be a U.S. citizen, a U.S. national or a U.S. resident alien. (For tax purposes, the term "U.S. national" refers to individuals who were born in American Samoa or in the Commonwealth of the Northern Mariana Islands.)

**6. Residence Test**

The child must have lived with you for more than half of the tax year for which you claim the credit. There are important exceptions, however: A child who was born (or died) during the tax year is considered to have lived with you for the entire year.

Temporary absences by you or the child for special circumstances, such as school, vacation, business, medical care, military services or detention in a juvenile facility, are counted as time the child lived with you.

**7. Family Income Test**

The child tax credit is reduced if your modified adjusted gross income (MAGI) is above certain amounts, which are determined by your tax-filing status. The phase out threshold is \$55,000 for married couples filing separately; \$75,000 for single, head of household, and qualifying widow or widower filers; and \$110,000 for married couples filing jointly. For each \$1,000 of income above the threshold, your available child tax credit is reduced by \$50.
